

*Mace delivers electrical systems for industrial and commercial properties.*

For every customer, we offer the complete service:

- Comprehensive systems design and project management
- Installation and commissioning to your schedule
- Engineers who understand, always put you first and work with you
- Consistent competitive pricing
- Service you can trust, plus advice you can rely on

From your first enquiry, Mace provides each customer with complete confidence, every step of the way.

**Mace Electrical:**  
*'exceeding your expectations every time'.*

## Mace Electrical: *'exceeding your expectations every time'*

Successful electrical contracting over more than 25 years confirms our reputation.

Our core principles:

- Easy to contact with fast response.
- Detailed tenders and quotations.
- Site surveys to fully understand requirements.
- Delivery to meet your schedules.

We listen to clients, providing you with the services that you require. That's why they return again and again to Mace.
