

# MACE

**Mace delivers security systems for industrial and commercial properties.**

For every customer, we offer the complete service:

- Systems that protect your property
- Alarms that safeguard your vital assets
- CCTV guarding your buildings
- Full onsite and remote monitoring, 24/7
- Competitive pricing
- Service you can trust, plus advice you can rely on

From your first enquiry, Mace provides you with complete confidence, every step of the way.

**Mace Security:**  
*'exceeding your expectations every time'.*

## Mace Security: *'exceeding your expectations every time'*

Successful security contracting over more than 25 years confirms our reputation.

Our core principles:

- Easy to contact with fast response.
- Detailed tenders and quotations.
- Site surveys to fully understand requirements.
- Delivery to meet your schedules.

We listen to clients, providing you with the services that you require. That's why they return again and again to Mace.

At Mace, we provide electrical, security, fire alarms, air-conditioning and related services. See our web sites:
