

*Mace delivers complete fire alarm systems and fire protection services for industrial and commercial properties.*

For every customer, we offer the complete service:

- Fire systems that protect your property.
- Alarms that safeguard your vital assets.
- Annual service contracts and fault finding surveys.
- Emergency call-out and maintenance, 24/7.
- Service for any make of alarm and system.
- Competitive pricing.
- Service you can trust, plus advice you can rely on.

From your first enquiry, Mace provides each customer with complete confidence, every step of the way.

**Mace Fire:**  
*'exceeding your expectations every time'.*

## Mace Fire: *'exceeding your expectations every time'*

Successful fire alarm and fire protection services over more than 25 years confirms our reputation.

Our core principles:

- Easy to contact with fast response.
- Detailed tenders and quotations.
- Site surveys to fully understand requirements.
- Delivery to meet your schedules.

We listen to clients, providing them with the services they require. That's why they return again and again to Mace.

At Mace, we provide electrical, security, fire alarms, air-conditioning and related services. See our web sites:
